

Dear

Warmest wishes of Peace, Prosperity and Sustainable Development to you and to your enterprise from Vietnam Cleaner Production Centre Co. Ltd. (VNCPC)!

VNCPC is a member of Bach khoa Hanoi Technology Investment and Development One Member Company Limited (BK-Holdings) under the Hanoi University of Science and Technology and part of the Global Network for Resource Efficiency and Cleaner Production (RECPnet), which has been jointly established by UNIDO and UNEP, as well.

In line with the "Partnerships for Sustainable Development" principle, VNCPC pursues bringing clients with added value through updated scientific and technological services in the sustainable production field.

Currently, VNCPC is one of the leading consultancies in Vietnam with the following services:

- Resource Efficient and Cleaner Production;
- Energy efficiency and energy audit;
- Greenhouse gas inventory and emission reduction;
- Transformation into and development of Eco Industrial Park (EIP);
- Supporting access to green financial sources; and
- Sustainable development reporting to partners.

VNCPC's services will help your enterprise:

- Enhance the capacity of the management team and technical staff;
- Reduce the production costs thanks to energy, water and chemical saving and waste reducing and recycling measures;
- Develop inventory reports with measures to reduce GHG emissions; and
- Optimize production process and innovate technology.

Over the past 25 years, since its establishment in 1998, VNCPC has continuously accompanied and provided technical support to thousands of enterprises of various sizes and forms of ownership, either inside or outside industrial zones.

VNCPC is also a trusted partner of international development organizations such as UNDP, UNIDO, UNEP, WB/IFC, EC, SECO, DANIDA, WWF and IDH. Therefore, VNCPC believes that our competencies would satisfy your enterprise's needs towards sustainable production goals to meet the increasingly strict requirements of the world market.
